- **Online Exams:**
  You'll earn your remaining credits by completing **online exams**, providing flexibility to progress efficiently toward your degree.

What Is Accounting?

Accounting is the process of tracking, analyzing, and managing financial information. It helps individuals and organizations make informed financial decisions, track income and expenses, ensure legal compliance, and plan for the future.

As an accountant, you'll prepare financial reports, manage budgets, file taxes, and provide strategic guidance to improve financial performance. Accountants play a vital role in maintaining the financial health of organizations across all sectors - corporate, nonprofit, government, and private practice. It's a high-demand, stable career with strong earning potential and broad flexibility.

Career Outlook

Accounting is a stable and growing field with strong job prospects nationwide. According to the U.S. Bureau of Labor Statistics, employment for accountants and auditors is projected to grow **6% from 2023 to 2033**, reflecting continued demand for qualified professionals across industries.

Salaries vary based on experience and location. As of 2023, the **average annual salary** for accountants in the U.S. was **$81,680** (or **$39.27/hour**). In the **New York–New Jersey area**, average salaries were significantly higher - approximately **$119,050** per year (or **$57.23/hour**).

CPA Eligibility

Students will be eligible to sit for the CPA in the state of NJ upon completion of this degree.

Secondary Degree Program

TTI offers a Secondary Degree Accounting Program for students who already hold a general bachelor degree and want to earn a second degree in accounting. The program is **fully online, self-paced**, and takes approximately **12 months** to complete. Tuition is approximately **$8,400.**

($1,300 TTI Premium membership is required.)
