Accounting

Bachelor of Science in Business with a Concentration in Accounting
Class-based track with COPE Institute (Brooklyn, NY)

Program Design

Students begin with COPE's Junior Accounting program which will give them a strong foundation in accounting. This program is class-based and part time, with both day and evening options. Students will earn 26 approved college credits in the Junior Accounting program.

Upon completion of the Junior Accounting program, students can join TTI's bachelor's program, run in conjunction with COPE and Daemen University. This degree is a Bachelor of Science in Business Administration - with an Accounting Certificate from Daemen University. Students will attend classes with COPE to complete many of the business and accounting requirements. The Daemen required courses will be taught with COPE instructors as well.

*Note! Some seminary/ yeshiva credits can be applied to this degree.
