Put a Career in Nutrition on the Table

TTI + RUTGERS UNIVERSITY

MASTER OF SCIENCE
IN CLINICAL NUTRITION

Dear Prospective Student,

Thank you for reaching out to learn more about our Master of Science in Clinical Nutrition program at TTI!

Nutrition is a rewarding field with diverse opportunities. Our program's specialized curriculum blends courses taught by highly experienced professors with hands-on fieldwork. This approach gives you both the knowledge and real-world experience you need for a successful career helping individuals make informed nutritional choices to promote overall health and manage medical conditions.

TTI is known for its warm and supportive environment. Our faculty is here to guide you through your degree, certification, and beyond!

We can't wait for you to join the TTI family!

Raizel Reit
Executive Director
TTI

Avigail Rosenblum
Director
Registered Dietitian/ Nutrition Program

To eat is a necessity, but **to eat intelligently** is an art.

What Is a **Registered Dietitian?**

Registered Dietitians (RDs) help individuals make informed nutritional choices to promote overall health and manage medical conditions. As an RD, you'll have the opportunity to work with a diverse clientele of all ages, including those with medical conditions, eating disorders, feeding difficulties, and weight-related concerns .

Registered Dietitians assess patients' nutritional needs, develop individualized care plans, and provide education on healthy eating and lifestyle choices. They work in a variety of settings, including hospitals, outpatient clinics, rehabilitation centers, long-term care facilities, and private practice. This versatile and rewarding field offers competitive compensation, flexibility, and the opportunity to make a meaningful, lasting impact on individuals' quality of life.

What You'll Learn

As a registered dietician or nutritionist, you'll empower individuals to make informed nutritional choices to benefit their health. Our comprehensive curriculum provides an in-depth understanding of the nutrients in food, how the body uses them, and the relationship between diet, health, and disease. You'll explore key topics such as biochemistry, medical nutrition therapy, nutrition assessment, dietary analysis, and client-counseling techniques.

Program Features

KEY HIGHLIGHTS AT A GLANCE

In the tri-state area, salaries are higher than the national average, with the median annual salary reaching $80,510 in New York and $82,330 in New Jersey.

FAQ

What is a Master of Science in Clinical Nutrition?

Our Master of Science in Clinical Nutrition program prepares you for a career as a Registered Dietitian (RD). In this graduate-level program, you'll learn how to help individuals make informed nutritional choices to promote overall health and manage medical conditions.

Which University Have You Partnered With to Offer This Degree?

We've partnered with Rutgers University to offer this amazing program.

What Are TTI's Admissions Requirements for This Program?

Students must have a bachelor's degree and complete the required nine prerequisite courses with a GPA of 3.0 or higher from an accredited college or university.

How Long Will It Take for Me to Earn this Degree?

Our program takes just 16 months (4 semesters) to complete.

When & Where Are Classes Offered?

Classes are fully online and include weekly independent coursework.

What Are the Fieldwork Requirements?

You'll complete 1,000 hours of Supervised Experiential Learning (SEL) over the Spring, Summer, and Fall II semesters. TTI and Rutgers will assist students in finding clinical placements.

How Do I Receive CDR Certification?

Once students have earned their M.S. in Clinical Nutrition and completed all fieldwork requirements, they will be eligible to take the national certification exam administered by the Commission on Dietetic Registration (CDR). Upon passing the exam, graduates will become credentialed as Registered Dietitians (RD/RDN).

Are There Additional Certifications I Can Earn?

After becoming a Registered Dietitian, graduates can choose to pursue board certification in specialized areas such as digestive health, oncology nutrition, pediatric critical care nutrition, renal nutrition, sports dietetics, and more.

Will the Environment Be Suitable for a Bais Yaakov Student?

Yes, our professors and faculty receive extensive sensitivity training to understand our students' needs.

How Can I Use This Degree?

As a Registered Dietitian, you can work in hospitals, private practice, academia, research, and clinics, helping individuals with medical conditions, eating disorders, feeding difficulties, and weight-related concerns..

What Is the Job Market Like for This Career?
