Master's Degree in Accounting

TTI/ PCS Accounting Program

What Is Accounting?

Accounting is the process of tracking, analyzing, and managing financial information. It helps individuals and organizations make informed financial decisions, track income and expenses, ensure legal compliance, and plan for the future.

As an accountant, you'll prepare financial reports, manage budgets, file taxes, and provide strategic guidance to improve financial performance. Accountants play a vital role in maintaining the financial health of organizations across all sectors - corporate, nonprofit, government, and private practice. It's a high-demand, stable career with strong earning potential and broad flexibility.

Who Is This Program For?

This program is for students looking to earn a Master's in Accounting through in-person (Monsey and Lakewood) or live online classes.

Students must have a bachelor's degree to begin this program. TTI offers an undergraduate degree program specifically designed for prospective PCS accounting students.

Program Design

Students complete a Bachelor of Arts through Woodmont College and then go on to a Master's degree in Accounting with PCS. TTI will include 24 business credits in the student's undergraduate degree, as prerequisites for the PCS Master's Degree in Accounting. The Master's program is run through Fairleigh Dickinson University.

Admissions Requirements

- Bachelor's degree from a regionally accredited institution.
- Prerequisite courses completed with PCS
